

AKSHAT KUMAR SINGH

Dhanbad,Jharkhand 828112 | akshatkumarsingh047@gmail.com | 9693960010 | [Portfolio](#) | [Github](#) | [LinkedIn](#)

Software Engineer

Full-stack developer proficient in both mobile and web applications experience in React.js, Node.js, MongoDB, and Express.js. Skilled in building scalable apps, optimizing performance, and integrating cloud solutions. Adaptable and passionate about delivering high-quality software in Agile environments. Domain expert in Backend and Stripe payments Integration as a result of working at multiple companies.

Work Experience

Visting Books , Hazaribagh Jharkhand | App Developer intern | 03/2025 – 07/2025

Developed *SalesCRM* (mobile-first CRM) leads management app frontend, backend microservices and database in an **Agile, hybrid** team, coordinated remote sprints and mentored junior interns.

- Optimized REST APIs and added MongoDB indexes, **reducing lead-retrieval latency by 40%**. increasing feature adoption by **25%**.
- Implemented lead-tracking, chat, and profile modules in **React Native (Expo)**, Delivered stable APK releases via **Expo CLI**
- Collaborated on CI/CD workflows and managed deployments using **GitHub Actions** and **AWS**.

Skills

- Languages: JavaScript, TypeScript, C++, SQL
- Frontend: React, Next.js, React Native, Figma, UI/UX
- Backend / APIs: Node.js, Express.js, REST API, JWT Auth, Prisma ORM.
- Databases: PostgreSQL, MongoDB, MySQL, Redis
- Cloud : AWS (EC2, S3), Vercel, GitHub Actions, CI/CD (GitHub Actions)
- Testing & Tools: Git, GitHub, Postman, Expo CLI, Cloudinary, Stripe API.
- Methodologies / Soft Skills: Agile, Sprint Planning, Remote Collaboration, Mentoring, Problem Solving, Leadership.

Projects

Career elevate app | [Github](#) | [Demo](#) | 03/2025 – 05/2025

- Designed and developed a platform integrating **Gemini AI** to enhance resumes, cover letters, and conduct skill-based mock interviews.
- Built **Next.js** frontend with dynamic dashboards, integrated **Prisma + PostgreSQL** backend, and implemented **Clerk authentication** & achieved **30% faster load times** through API optimization and lazy loading.
- Deployed on **Vercel** with CI/CD workflows.

Code Sync web app | [Github](#) | [Demo](#) | 06/2025 – 07/2025

- Created a **real-time interview tool** combining a collaborative code editor and video chat for technical interviews.
- Implemented **Next.js + Convex backend**, **Express.js API**, and **TypeScript** for type safety.
- Improved interview scheduling efficiency by **reducing setup time 50%** compared to manual methods.

Chatify (Realtime Chat app) | [Github](#) | [Demo](#) | 08/2025 – 09/2025

- A responsive messaging app supporting text, media sharing, and instant updates across devices.
- Built with **React, Node.js, Express, and MongoDB** for scalable full-stack development.
- Integrated **Socket.io for real-time messaging**, **JWT authentication**, and **Cloudinary for media uploads**.

Education

B.Tech , Computer Science , 10/2021 – 06/2025

University college of Engineering and Technology , Hazaribagh , Jharkhand .

CGPA : 7.96

Course Work : Data Structures and Algorithms (DSA) | Object oriented Programming (OOPS) | Database management system (DBMS) | Computer networks | Cloud computing | Software Engineering | Software Development Life cycle.

Achievements

1200 maximum Rating in [codeforces](#).
